

MARICOPA

Riverside Lodge

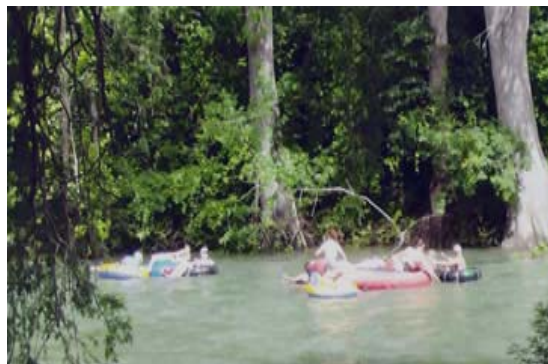

A lovely sweeping lawn, shaded by great old trees gracefully leads to the river's edge, where those staying as guests are able to fish for stocked trout, go white-water rafting, kayaking or canoeing year round and tubing in the spring and summer. You can enjoy family group activities on the lawns, go for a swim in our pool or sit back, relax and enjoy the sounds of nature as the Guadalupe River flows by. Nearby, less than 3 miles, is clear, beautiful Canyon Lake.

A regulated predictable flow of water is released from the Dam, providing clear cool water to the river. Activities on the lake include fishing, scuba diving, sail boating, water skiing, and hiking in several nearby parks. Conveniently located near the Maricopa Riverside Lodge are guides, marinas, boat rentals and restaurants

For those guests who enjoy activities at our pool, river or lake, staying at the Maricopa provides broad opportunities for family fun and wholesome relaxation in a beautiful setting. Our guests will enjoy the conveniently located Schlitterbahn Water park, and the Outlet Malls in San Marcos and New Braunfels.

Maricopa Riverside Lodge is the perfect place for your romantic weekend getaway, family vacations, family reunions, special events, group's events and extended winter stays. Our lodge can accommodate 70 guests which makes us the perfect spot for your next event.
